This series is stimulated by the clash between the presidency as invented and the presidency as it has developed. Over time, the presidency has evolved and grown in power, expectations, responsibilities, and authority. Adding to the power of the presidency have been wars, crises, depressions, industrialization. The importance and power of the modern presidency makes understanding it so vital. How presidents resolve challenges and paradoxes of high expectations with limited constitutional resources is the central issue in modern governance and the central theme of this book series.

ACKNOWLEDGEMENTS

This book is a collection of essays presented at the Monroe Group Inaugural Conference held at the University of Reading in May 2017. The editors wish to thank all contributors for their research, thoughtful insights and stimulating discussions. The event would have not been possible without the financial support of the British Association of American Studies (BAAS), the Vice-Chancellor's Endowment Fund, The School of Humanities, SPEIR, and the Departments of History and Politics & IR at the University of Reading.
