About the Author

Dr. Vijay Singh Meena is currently working as a soil scientist in the ICAR-Vivekananda Institute of Hill Agriculture, Almora, Uttarakhand. He obtained his B.Sc. (AG.) from SKRAU, Bikaner, Rajasthan and M.Sc. (AG.) and Ph.D. (AG.) with specialization in Soil Science and Agricultural Chemistry from Banaras Hindu University (The Capital of Knowledge), Varanasi, Uttar Pradesh, India. He has completed vital work on potassium-solubilizing microbes, soil biological fertility, rhizospheric chemistry, and conservation agriculture and has published more than 30 original research articles in national and international peer-reviewed journals. In addition, he has published four books and eleven book chapters.
